PRESS RELEASE

Montgomery, Alabama - REGITAR USA Inc. is proud to announce its 30th Anniversary in July. As a major manufacturer and distributor of automotive electronics to the Aftermarket today, REGITAR has enjoyed the growth from the beginnings in Alabama to a recognized global supplier.

REGITAR began operations in 1987 when Dr. YT Tsai, President and CEO, and Dr. Chau Tsai, Vice-President and CFO, founded the company initially as a shoe and power tools distributor. Soon after, they introduced the auto parts line with charging system components (voltage regulators, rectifiers, etc) and ignition system components (ignition modules, ignition coils, caps, rotors, etc) and have since expanded the product offerings, including other automotive components (Solenoids, ABS sensors, Oxygen sensors, MAF/MAP sensors, IAC Valves, etc).

In addition, REGITAR is also a supplier of quality auto and equipment tools under the Durofix and ACDelco brands, offering a complete line of corded, cordless, pneumatic and digital drill/drivers, impact wrenches, ratchet wrenches, grinders/polishers, and flashlights at the highest quality and competitive prices.

REGITAR is dedicated to the Tradition of Innovation and Quality and look forward to many more years of service and products for their Customer needs.

For more information about REGITAR USA and to view their complete line of products, visit their website www.regitar.com, email info@regitar.com, or call Toll Free 877-REGITAR.

The Tradition of Innovation and Quality Continues
